

Remarks:

Applicants have read and considered the Office Action dated June 24, 2005.

In the Action, the application was in condition for allowance except an objection to the reference numerals in the drawings. Applicants have submitted an amended Figure 7, which is believed to overcome the confusion regarding reference numerals 19, 28 and 29. Applicants assert that the formal matters with regard to the drawings have been overcome. No new matter has been added.

The specification has been amended for editorial reasons and to conform to the amended drawings. No new matter has been added.

Claims 1-20 were indicated as allowable. Applicants thank the Examiner for the allowance of these claims. As the formal matters have been addressed and all claims were allowable, Applicants assert that the application is in condition for allowance.

A speedy and favorable action on the merits is hereby solicited. If the Examiner feels that a telephone interview may be helpful in this matter, please contact Applicant's representative at (612) 336-4728.

Respectfully submitted,
